Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsis, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alific to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease, The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a

Dr. Pierce's Favorite Prescription is a Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly barmless in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "runscown," debilities."

FIXING THE BLAME.

The astounding charge has been made to officials of the Southern Bailway that Telegraph Operator Mattoax was not at his post of duty when the collision occurred at Lawyers, Va., Thanksgiving morning, when Samuel Spencer, president of the Southern Railway, and a party of his friends met a shocking death. It is said that he was absent when train No. 33 passed the block on its way south, and that a student operator whom he had left in charge reported the track clear and sent train No 87 into the block ahead.

The story, as recited, is that when the flagman ran back from Spencer's the flagman ran back from speacers and substantially retrievous exhaustian, pervous exhaustian, pervous prostration, neuralgia, hysteria, spanse, cherca, St. Vitas's dance, and other distressing, nervous symptoms remaining attendant upon functional and grante disease of the nucrous.
